

SANITARY WORK AT CITY SCHOOLS

Will be Undertaken by City.
Probably.

Mayor and Board of Aldermen Unit
on Proposition—Up to the
Councilmen.

HELD MEETING LAST NIGHT

In a communication from Health Officer Dr. H. P. Sights, the board of aldermen was given notice of the absolute necessity of connecting the Lee and Lincoln school buildings with the sanitary sewer and that the school board is unable to make the connection because of a shortage of funds. Dr. Sights told the board in his communication that the sewer connection is necessary for the protection of the health of the children attending these two schools and if the connection is not made it will be necessary for the board of health to close the schools. Mayor James P. Smith recommended that the board take some favorable action on this question.

On a motion of the new alderman, Lucian Durrett, and seconded by Alderman Hank, the school board was authorized to let the contract for making sanitary connections at the Lee and Lincoln school buildings. The improvement to be paid out of next year's funds and the contract to

be approved by a committee from the general council. All members present were heartily in favor of the motion.

Alderman L. E. Durrett occupied a seat in the aldermanic board last night, having been duly sworn in and qualified. Alderman Durrett succeeds H. S. Wells, who was appointed by the mayor to fill the vacancy caused by the resignation of Alderman Chamblin until a successor could be appointed. Alderman Durrett's term expires January 1, 1910.

Mayor Smith notified the board that he had received an offer of \$1600 rent for one year for the city's property, nine acres of good farm land, known as Jackson Hill cemetery, located just north of the city. The mayor asked whether he should rent the land or let Chief Wood, of the fire department, raise corn on it. The corn crop will amount to about \$375 to the city. On motion of Alderman Hank, and seconded by Alderman Miller, the question was put in the hands of the mayor to decide, with a suggestion that the raising of corn would be preferable.

The appointment of A. L. Lassiter as a park commissioner to fill the vacancy made by George W. Walters, made by Mayor Smith, was ratified by the aldermen.

The closing of the city's account with the American-German National bank by City Treasurer J. J. Dorian for the city depository bank, was ratified by the board.

The claims, aggregating \$2,914.13, allowed by the joint finance committee for the first half of November, were ratified by the board.

The ordinance committee reported that an ordinance could not be brought in for the purpose of voting on the bond issue to buy the water works plant until the general council decided on the exact amount of bonds required to purchase the plant. The report of the ordinance was concurred in.

Other Business.
Mr. W. F. Bradshaw, Sr., reported that the assessor's books for 1907 assessed his property at Fifteenth street and Broadway for 76½ feet too much. He asked that he be refunded the money paid as taxes on the over-assessment. On motion of Alderman Hank the communication was referred to the board of supervisors.

The Paducah Distillery company was granted a transfer of quart liquor license from 128 South Third street to 117 South Second street. H. Well & Son, a distilling company, at Mill and Bridge streets, asked that the company be exempted from taxation for a period of five years under the head of a new manufacturing concern. The question was referred to the ordinance committee on motion of Alderman Hank.

Mr. Gas E. Hank asked permission

of the aldermen to connect his property at Sixteenth and Trimble streets with the Oak Grove sewer. On motion of Alderman Sherrill the question was referred to the hospital, sewer and sanitary committee.

A recommendation of the board of health that R. E. Barnett and J. L. Galtier be reappointed sanitary inspectors was received and filed.

Sewer Inspector A. Franke asked the board what he should do with the plumbers who did not do sanitary plumbing according to the ordinance regulating it. The question was referred to the hospital, sewer and sanitary committee.

Mrs. Emma Sears was granted a deed to lot 17, block 44, in Oak Grove cemetery. Mr. Jacob Oehlschlaeger was granted a transfer of deed to lot 332, block 22, in Oak Grove cemetery.

Present were: Aldermen Hannan, Hank, Miller, Oehlschlaeger, Sherrill and Durrett. Absent were: Aldermen Baker and St-wart.

A Sure-enough Knecker.
J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knecker for ulcers. A bad one came on my leg last summer, but that wonderful salve knicked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at all druggists.
